Far-reaching impacts of the work we do!

“

My name is Muzammil Bhatti, and **I come from Tando Muhammad Khan**, a place where quality test preparation resources are limited. **I completed my intermediate from a government college** and always dreamed of securing admission to a top university. But with just three months to prepare, I knew I had to give it my all.

I enrolled in **Chaajao's live online classes**, where **I completed my entire course, and used the Chaajao App to attempt over 200 tests and solve 5000+ MCQs. The real game-changer for me was Chaajao's Analytics Feature**, which helped me identify my weak points. Every mistake became a lesson, thanks to **Chaajao's video solutions, which allowed me to rectify my errors instantly**.

To stay focused, I gave up social media, skipped family gatherings, and studied for four hours daily—no distractions, just pure dedication. The result? **I became the top scorer in IBA 2024 for all programs and secured 1st position in IBA-BBA with a score of 264!**

Now that I've achieved my dream, my schedule has completely flipped—from intense study sessions to endless celebratory daawats! But if there's one thing I've learned, it's that consistency and the right guidance can make anything possible.

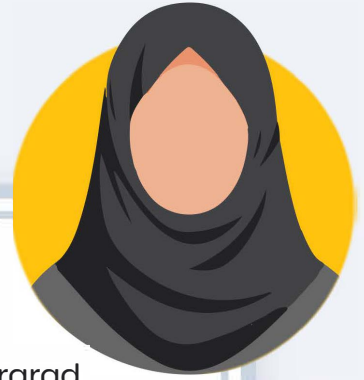

I wholeheartedly recommend Chaajao to every aspiring student—it's not just a platform; it's the key to unlocking your potential!

— **Muzammil Bhatti**

”

Far-reaching impacts of the work we do!

“

I'm Anjlee Kumari and **I hail from Tharparkar, a place where opportunities are few and far between.** I began my turbulent undergrad journey with a passion for the medical field. I took the MDCAT test in 2022, hoping to secure a spot in a government university, but fate had other plans and I couldn't get admission.

However, I did not give up and while exploring other avenues, I stumbled upon IBA and LUMS – institutions that seemed like a distant dream from where I stood due to societal expectations. **Amidst all the uncertainty, I found hope in Chaajao, a platform that empowers students like me from marginalized areas.** With their support, I took the first round of IBA's entry test but was, unfortunately, unsuccessful.

With back-to-back setbacks, my family suggested I try for medical studies again. Adamant, I refused to let setbacks define me and immersed myself in rigorous preparation. I was lucky to have **mentors from Chaajao who believed in me and provided extra classes & guidance** to help me prepare for the second round of IBA's entrance test. In that same month, I also took the LCAT exam. Juggling multiple exams and challenges wasn't easy, but guess what? All the hard work paid off – **I received acceptance letters from both IBA and LUMS!**

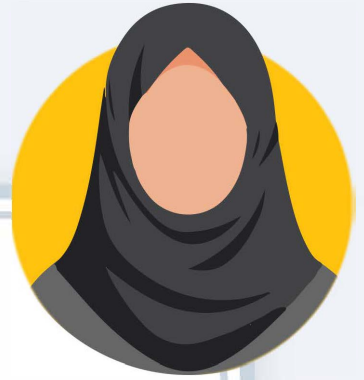

I am extremely satisfied with the quality content and helpful instructors, and would recommend all students to entrust Chaajao with their future!

Far-reaching impacts of the work we do!

“

Reflecting on my journey as a student **hailing from Balochistan, attending physical classes was not simply an option** for me. Fortunately, **IBAGRADS offered a lifeline** through their exceptional online learning platform, Chajjao.

Chajjao's **Live Classes** provided an experience akin to being physically present which **made learning easy and engaging**. The provided books and practice materials were instrumental in solidifying my understanding of complex and difficult concepts. Their quizzes and mock tests were an eye-opener; they pinpointed my weak spots and guided me on areas to improve, while their **dedicated teachers ensured top-notch education in a virtual setting**.

Today, I find myself immersed in a career-changing educational journey at IBA, all thanks to Chajjao. **It is with utmost enthusiasm that I recommend this online learning platform to every aspiring student out there!**

Best best best source I have ever looked for during my mdcot journey, no need to carry hard copies along when you got this can practise where ever you want. You can easily save the mcq having problem (through bookmark feature, that's the favourite thing for me). Highly recommend!

Choojao by IBAGRADES have been on incredible support system for the entirety of my mdcot'24 journey. As a fresher who really had no idea how to dive into the mdcot journey after my A levels, Choojao played an integral part in my prep. Its unlimited practice questions and test papers along with video solutions.

I have prepared from ibagrads & chojooo and alhamdulillah got 2nd position in bsbo of Iba Karachi. Choojooo app is the best app for preparation of entrance exams. It provides video solutions of every question and all past papers of every university. It also provided recorded video lectures of all topics from the best teachers. I have done chojoo 2 times and got best results.
